Wilberforce Primary
The best in everyone™
Part of United Learning

At Langford and Wilberforce Primary Schools, our P.E curriculum promotes physical activity, health and wellbeing. We encourage pupils to be active for sustained periods of time and excel in a broad range of sports. Our competitive activities promote teamwork, communication, motivation and achievement.

P.E lessons are sequenced so they build upon previous learning, children re-visit games over time so they become competent and develop a love for a sport.

Children in EYFS revise and refine fundamental movement skills which lay the foundations for KS1.

The school invests in a PE specialist to teach PE lessons across the school.

Pupils in KS2 engage in outdoor adventurous activity through climbing offsite, taught by specialist teachers.

Children compete and learn the values of competition in lessons, Sport's Day and interschool competitions.

New skills are modelled and broken down using a W.M.G. Children evaluate their and others performance against this criteria.

All units of learning finish with a competitive element so children develop a positive sense of competitive spirit.

Lunchtime staff are provided with CPD to encourage active playtimes.

Children come to school wearing their PE kit so no time is wasted in lessons getting changed.

Specialist swimming instructors teach children how to swim.

SEND pupils are fully included in all lessons and adaptations made so they can always access the learning.
